solicitation on the part of many

friends, to allow his name to go before

the Democratic Convention as a can-

didate for the office of Sheriff of Yolo

CLOSING OF THE PUBLIC SCHOOL.—The closing examinations of the different departments of the Woodland Public School commenced Wednesday April 21st and will continue till Friday April 24th, 1875.

On Thursday and Friday evenings the 23rd and 24th instants, the closing literary exercises will be held in Washington Hall.

SPELLING MATCHES.—The ladies of M. E. Church propose to hold a series of spelling matches in Central Hall, Woodland, the first of which will be held Saturday evening, April 24th, at 8 o'clock. They will try to make this an old-fashioned "Spelling School," by choosing sides and spelling down Webster to be the standard. Further meetings will then be arranged and challenges received. Prize to the best speller. Admission, twenty-five cents.

POSTPONED.—We learn that on account of the non-arrival of the grand officers, the dedication of the new Masonic Hall at Cavetille was postponed from Friday evening last, when it was to have taken place. A good time and supper were enjoyed, however. We are indebted to the committee for a parcel of real good things.

SPECIAL ELECTION.—The Board of Town Trustees give notice of an election to determine upon the proposition of raising the sum of \$3,400 for the purchase of a suitable fire engine and apparatus. We hope this will carry, for the necessity of an efficient fire department must be apparent to everyone.

Prof. Wood's Concert.

On Monday evening last, a large audience was present in Washington Hall; in fact many had to stand during the early part of the evening. The programme as published was departed from to some extent, but the performance as a whole was good and very creditable as a musical entertainment.

Several ladies and gentlemen from Colusa assisted; indeed a majority of those who took part in the concert, we believe, were friends of Mr. Wood who resided at Colusa, and kindly volunteered to assist him. We may mention their names: Mrs. S. T. Kirk, Misses Spect, George, Stone, Vivian, and Messrs. Bundy, Dewey, Hart, Hatch, Danner, Burris and Deamer. We cannot pretend to criticize individually, but we feel bound to say that these ladies and gentlemen acquitted themselves splendidly, and taught our people what few of them knew before, "how they do in Colusa." And the "home" ladies and gentlemen are deserving of mention also. Mrs. Ross, Misses Peck, Gould, Saunders, and Messrs. Wood, Peck, Ellis, Simpson, Smith and Peckler participated, and we think the part they took in the concert was well sustained in every particular. The programme was too long, and there was too much delay before commencing. Mr. L. K. Hammer, of Sacramento, furnished one of his grand Chickering pianos for the occasion. It was much admired both for tone and appearance. Mr. Wood desires to express his gratitude to all who so kindly assisted him in making his concert so grand a success, and especially to his friends of Colusa and to Mr. Hammer of Sacramento. Of course the expenses were heavy, but the net receipts will be quite a handsome sum for our enterprising and successful blind musician.

THE ALDINE.—The Aldine for April presents features of excellence entitling it to more than the usual attention. In this issue, it springs to the front, in topics and features connected with the Centennial, to the pleasure of its thousands of readers. It commences in this number, under the taking name of "The Spur of Monmouth," by an "Ex-Pension-Agent." There is a full-page picture of the "Battle of Lexington," capably drawn; "The Path of Duty," a capital drawing by Davis, after Merle, three views in Southern Utah, the "Narrows," "Valley of the Bubbling Waters," and "Temple of the Virgin," all by Thomas Moran, convey the scenery of that wild region with great force and rare beauty; "Joan of Arc at the Siege of Paris," and "The Parisian Men of September," illustrate two very different yet equally striking scenes in French history; and a noble group of "Gnarled Gray Trunks," three fine views of Wells Cathedral, and a pair of splendid "Stag-Hounds," make up the pictorial treasures. Literarily, the variety and the excellence are equal. In prose, we have "Lost Lillian Bracy," "Dream-Fairies," "Clochette," "A Gift from St. Petersburg," "Habit of Authors," and "In the North Woods." In the direction of rhyme we have a poem "By the Dead," "For Baby's Sake," "Little Jack Frost," "Ice Jewelry," and "Lord Ronald's Stag-Hounds." Once more a marked number, let us who will assert to the country. The Aldine Company has established an Art Union, similar to the well-known Art Union in England, and are distributing their works of art, both sculpture and paintings, which are constantly collecting among their subscribers. Subscription tickets, at \$3 each, entitle the holder to the Aldine for a year, to the new chromo and to a ticket in the distribution of art premiums. The Aldine Company, publishers, No. 53 Maiden Lane, New York City.

THE OVERLAND MONTHLY FOR MAY. The current issue of this welcome publication contains the following excellent table of contents: "Ascent of Mount Rainier," "Shadows of the Plains," a poem by Joaquin Miller; "Big Jack Small," "A Theory of Cloud-Bursts," "The Indignities of Civilization of America," "The Spirit of the Age," "The Temple of Heliopolis," This number abounds in good poetry, by besides Joaquin Miller we have "The Editor," "All or Not at All," by the editor; and a touching contribution from Miss Courtin entitled "Beside the Dead." The editor furnishes the fifth chapter of his "Autobiography of a Philosopher." Among the stories are "The Regulus of the Netherlands," by Dr. Ver Aleut; "A Queer Mistake," and "A Dead-Head," etc., and "Current Literature," full and varied. J. H. Curnany & Co., publishers, San Francisco. \$3 per annum.

EDITOR DEMOCRAT.—The Rip Van Winkle who runs the Mail wishes "there might be some movement towards the organization of a singing society." If the old granny would wake up he could find several societies and musical organizations, all at work—while he only occasionally wakes up and doesn't see that the world moves.

HAINES & LEVY.—This new and enterprising firm have laid in a magnificent stock of Spring goods, to which they call the attention of the ladies. Their stock includes, besides all the regular lines, a fine lot of ladies' hats, trimmed and untrimmed, and millinery goods in great variety.

ELECTION OF OFFICERS.—The members of Dobson Grove U. A. O. D. are requested to be on hand at Old Fellows' Hall on Monday evening, April 20th, as the semi-annual election of officers will then take place. By Order J. J. McKenna, N. A.

WM. KNOX, Secretary.

NORTHER.—A strong north wind is blowing this morning, which will do great damage to growing crops.

I. O. O. F. CELEBRATION.

Monday next our town will be made lively on account of the celebration by the Odd Fellows of Yolo and adjoining counties of the fifty-sixth anniversary of Odd Fellowship in America.

Excursion trains will run and bring in many on the line of railroad and doubtless many will flock in from all the surrounding country. We refer the reader to the advertisement for programme of proceedings.

ACKNOWLEDGMENT.—The Committee of Invitation of the Odd Fellows celebration to take place here on the 25th will accept our thanks for a complimentary invitation to take part in the ceremonies.

PICNIC.—Antelope Grange will give a picnic on the 29th of April, three miles north of Dunnigan's, on west end of Buckeye ranch on the Colusa and Woodland road.

Extract from a letter from Mrs. J. C. Aldrich, Wagoner, Patton Co., O.—"I. R. Hall & Co. Gentlemen—Please send me one dozen bottles of your Serravallo Hair Renewer. Our 'bald and gray' do not want to be out. My mother is a living recommendation of the results from the use of the Renewer. Being almost seventy years old, and having worn a wig over thirty years, it seems a miracle to those who have known me long so bald, and what little hair she had being perfectly white; now her hair is growing again, and is a smooth, glossy brown as in girlhood. Hoping you may long continue to pour blessings on the heads of the afflicted, I remain, yours truly."

Such evidence, with the endorsement of the great chemist of New England, Dr. A. A. Hayes and S. Dana Hays, should satisfy any one, which of the preparations produce the best results.

Health the Source of Happiness.
The relaxation of the nervous system, which creates an indisposition to mental or bodily action, is of very frequent occurrence. It is found that a torpid, debilitated stomach, or deranged bowels are the great causes. For years DR. HENLEY'S CELEBRATED L. X. L. BITTERS has been successfully used throughout the United States in an unending restoration and health-giving medicine—restoring and invigorating these organs to their original strength. It has the power to restore to health and reinvigorate the whole system. Dyspepsia, indigestion and loss of appetite, general debility, rheumatism, fever and ague, disappear with its use. As a medicine for general ailments arising from impure or impoverished blood, it is without an equal. They are composed of an absolute, pure, and delicate stimulant, medicated with the extracts and juices of the most effective roots and will with the safeguard against the attacks of dyspepsia and liver complaint.

A Sound Health Maxim.
"Order is heaven's first law." This great maxim applies with peculiar force to the discharge of the vital functions. Disease inevitably supervenes upon physical irregularity. Just as calamity is sure to follow want of system and punctuality in the affairs of life. But while it is next to impossible to overcome settled mental habits of disorder, it is quite feasible to remedy habitual irregularities of the body. Discipline the unruly organs by wise and timely medication, and health will be established upon a permanent basis. Although there are many remedies prescribed for this purpose, there is not one among them can compare in directness and promptness of action with HENLEY'S BITTERS. For every disorder affecting the bowels, liver and stomach, and for the numerous sympathetic nervous ailments to which alimentary or bilious disturbances give rise, the Bitters are a most reliable specific. Their wondrous efficacy is attributable to the fact that they first remove the cause of such maladies, irregularity, and then by their tonic operation replace the physical substance produced by sickness. Constipation, biliousness, dyspepsia, heartburn, sleeplessness, intermittent fevers, rheumatism and nervous tremors always succumb to the operation of this safe and delicate medicine. A regular habit of using a good aperient, sound sleep and mental repose, and the blessings which its use confers. It invigorates the system, and by its action on the digestive organs, materially assists in covering the angles and hollow places of an attenuated, shrunk frame with firm, healthy flesh.

It is Assured as a Fact
That every canvasser who has turned his attention to the introduction of the New Family Sewing Machine in his locality, or who has been fortunate enough to secure an agency, has outstripped the best efforts in making money of the old and tried agents of the high-priced machines, which latter they now replace. The demand is enormous, and sales so rapid and money made so readily with so little effort that Farmers, Tradesmen, Speculators, etc., are flocking into the business as fast as they can secure territory and get their goods on the ground to supply anxious customers. It is marvelous how these machines sell where exhibitors have not been. The inventor is daily inundated with testimonials of the worth of their new machines, which so gently and successfully bounded into popular favor. It proves to be just what is wanted every day, by every one, everywhere. It is the only machine that is so easily and so cheaply sold, and so easily and so cheaply used. It is the only machine that is so easily and so cheaply sold, and so easily and so cheaply used. It is the only machine that is so easily and so cheaply sold, and so easily and so cheaply used.
